

NATIONAL PARK SERVICE ABANDONED MINED LANDS (AML)
FIELD INVENTORY DATA SHEET

Geologic Resources Division – (303) 969-2099

Site Form – _____
[PARK ACRONYM] - [MineSiteName]

Park unit _____ Region _____ Inspected by (“Source”) _____ Date _____

A. Site - General

Site Name _____

Site Type: Underground Mine__ Surface Mine__ Placer Mine__ Mill__ Well__ Road__ Other__

State _____ County _____ Watershed _____

Site Acres (xx.x) _____ Legal Ownership: Federal__ Private (incl. patented claim)__
Unpatented Claim__ State__ County__ Other_____

Administrative Use (e.g., gravel for park roads)? Y N U

FMSS: Location ID _____ API _____ FCI _____

CERCLIS # _____ EDL _____

Site Notes:

B. Site Geologic Resources

General Commodity – Metals__ Coal__ Industrial Minerals__ Energy Minerals__ Stone__
Sand and Gravel__ Oil and Gas__ Geothermal__ Water__ Unknown__

Specific Commodity - _____ (e.g., list chemical symbol(s),
mineral, rock/stone product, or well commodity)

Geology Notes: (e.g., Rock Type, Geologic Formation, Orebody Type, Ore Type)

C. Site Natural Resource Impacts

Does this site have natural resource impacts in need of mitigation? Y N U

Is there an effluent from the site to the surrounding area? Y N U

Is standing water present at the site? Y N U

Is water flowing through tailings? Y N U

Is staining present on soils/rocks? Y N U

Is there sedimentation into surface waters? Y N U

Characterize the vegetation on the disturbed area: Healthy__ Struggling__ Dead__ Nonexistent__

Volume of mine waste (tailings or waste rock) in cubic yards _____

How visible is the site from where visitors would be? High__ Medium__ Low__

Indicate any other impacts not already mentioned _____

Impact Notes:

D. Site Cultural Resources

Does the site have significant cultural resources? Y N U

Is the site listed on or nominated for a National Register? Y N U

Has the park declared this a cultural landscape? Y N U

Is this site eligible for listing in a National Register? Y N U

Is the site interpreted? Y N U

Cultural Notes:
