## STUDENT EMPLOYEE NETWORK

Are you a student employee at the National Park Service? Do you have questions and concerns about student employment? Are you interested in networking with other students? Do you have new ideas for ways things could be done around the workplace? These questions have inspired the creation of a Student Employee Network for the National Park Service. Offered by and for students and supported by the Workplace Enrichment (WE) Program, the network will provide a forum for students to share ideas, ask questions, discover training opportunities and develop strong professional relationships.

### Vision Statement

The Student Employee Network is a student-based communication network that fosters idea-sharing, innovation and professional development for current and future student employees of the National Park Service. The Student Employee Network aims to continuously inspire emerging generations of diverse NPS leaders by meeting the needs of student employees and embracing their valuable role in helping to further the mission of the National Park Service.

STUDENT LEADERSHIP  
PROFESSIONAL DEVELOPMENT  
SERVICE WIDE NETWORKING  
IDEA SHARING  
EMERGING LEADERS
