

CONTENTS

Preface	1
Program	2
Abstracts	
1 Using a relational geodatabase to manage paleontological resources at Florissant Fossil Beds National Monument.....M.A. Barton, B. Frakes and H.W. Meyer	7
2 Use of GIS in managing fossils on federal lands, the USDA Forest Service Fossil Yield Potential Classification (FYPC) system.....Barbara Beasley	8
3 Good data vs. bad data: The importance of quality data management in paleontology.....Rachel Benton and Reko Hargrave	9
4 The Red Gulch dinosaur tracksite: Public participation in the conservation and management of a world-class paleontological site.....Brent H. Breithaupt, Elizabeth H. Southwell, Thomas Adams and Neffra A Matthews	10
5 Fossiliferous nodules from New York Gateway beaches.....J. A. Chamberlain, Jr., P.W. Stoffer and P. Messina	11
6 Paleontological permitting on BLM-administered lands in Utah.....Scott E. Foss	12
7 What is our mandate to manage fossil resources on federal lands?.....Scott E. Foss	13
8 Developing scientifically accurate paleontology exhibits for the National Park Sevice.....Theodore J. Fremd	14
9 Management of significant paleontological localities: Intra-agency and Interagency.....Theodore J. Fremd	15
10 Results of a three-year paleontology inventory at Hagerman Fossil Beds National Monument, southern Idaho.....Phil Gensler and Mary C. Carpenter	17
11 Correlation of a rare plant species with fossil sites on the Grand River National Grassland.....Kurt Hansen	18
12 Mowry Shale ichnofossils – management of a unique fossil tracksite in an off-highway vehicle recreation park.....Dale A. Hanson and Melissa Connely	19
13 Cooperative agreements, tools for partnership managment of public fossil resources, one example.....Patricia M. Hester	20

14	Paleosensitivity map for New Mexico—a tool for land use planning.....Patricia M. Hester and Dave Simons	21
15	Mitigation of fossil resources during oil and gas development.....Sherrie Landon	22
16	Cleveland-Lloyd dinosaur quarry: Restabilization and interpretation; successes and pitfalls.....Michael Leschin	23
17	Implementing inventory-monitoring, research and interpretive plans for El Bosque Paleontologico Piedra Chamana in the northern Andes of Peru.....Herbert W. Meyer, Deborah Woodcock, Jennifer Young, William McIntosh, Nelia Dunbar, Linda Lutz-Ryan and Kim Sikoryak	24
18	The diversity and stratigraphic distribution of pre-dinosaurian communities from the Triassic Moenkopi Formation, Capitol Reef National Park and Glen Canyon National Recreation Area, Utah.....Debra L. Mickelson	25
19	Subaqueous tetrapod swim tracks from the Middle Jurassic: Bighorn Canyon National Recreation Area (BCNRA), Wyoming, U.S.A....Debra L. Mickelson, Michael Ryan King, Patrick Getty and Katherine A. Mickelson	26
20	Federal, state and volunteer cooperation on vertebrate paleontology projects on federal land: Examples from Pleistocene sites in New Mexico.....Gary S. Morgan, Patricia M. Hester, Bruce A. Schumacher and Lawrence Gore	27
21	Draft paleontology resource management plan for Glen Canyon National Recreation Area, southern Utah and northern Arizona.....Lex Newcomb and David D. Gillette	28
22	Paleontological resource damage from “poor science:” Examples from Petrified Forest National Park.....William G. Parker and Karen A. Dorn	29
23	Paleontological resource inventory of California’s Jurassic trackways...Robert E. Reynolds	30
24	Paleontological resource inventory of Miocene (Barstovian) trackways at Owl Canyon Campground, Barstow, California.....Robert E. Reynolds	31
25	Investigating fossil theft from National Forest System lands.....Steven F. Ruppert	32
26	Fossils, objects of antiquity, and the Antiquities Act (1906).....Vincent L. Santucci	33
27	Theft and vandalism of <i>in situ</i> fossil vertebrate tracksites.....Vincent L. Santucci	34
28	Volunteers and partnerships, effective management of fossil resources on National Forest System lands.....Bruce A. Schumacher and Virginia Tidwell	35
29	Historical Resources Act designation of the Grande Cache Dinosaur Tracksite (Lower Cretaceous, Albian), Grande Cache, Alberta, Canada.....Daniel N. Spivak, Dean E. Wetzel and Juliette Caillaiu	36

30	Preserving the past: Geologic mapping and paleontologic investigation, Las Vegas Formation, north Las Vegas.....Kathleen Springer, J. Christopher Sagebiel, Craig Manker and Eric Scott	38
31	A new Middle Miocene terrestrial fauna from the Temblor Formation of central California.....J. D. Stewart, Erik Zaborsky and Marjorie Hakel	40
32	Fossil collection storage: A state-of-the-art case study.....Mary E. Thompson	41
33	Initial results of a five-year cooperative interagency paleontological survey, Grand Staircase-Escalante National Monument, Utah and surrounding area: The proof is in the pooling (of resources).....A.L. Titus, S.S. Sampson, J.I. Kirkland, D.D Deblieux, D.D Gillette, L.B. Albright and M.A. Getty	42
34	The Friends of the Florissant Fossil Beds: Partnership support of education and research in geology and paleontology.....Steven Wade Veatch	43
35	Establishing a future for fossils in the National Park Service: The development of a service-wide guidebook and paleontological database.....C.C. Visaggi, V. L. Santucci, J. P. Kenworthy, A.L. Koch and T.B. Connors	44
36	Transfer of UALP San Juan Basin vertebrate fossil collection to the NMMNH....Thomas E. Williamson, Patricia M. Hester and Sheila P. Bednarski	46

Articles

37	Fossils and fire: A study on the effects of fire on paleontological resources at Badlands National Park.....Rachel Benton and James Reardon	47
38	Preserving America's fossil heritage.....Joseph Hatcher	55
39	Middle Proterozoic paleontology of the Belt Supergroup, Glacier National Park.....ReBecca K. Hunt	57
40	A preliminary inventory of fossil fish from National Park Service units.....ReBecca K. Hunt, Vincent L. Santucci and Jason Kenworthy	63
41	A preliminary inventory of National Park Service paleontological resources in cultural resource contexts, Part 1: General overview..Jason P. Kenworthy and Vincent L. Santucci	70
42	Utah Geological Survey: A valuable partner in the management of federal fossil resources.....James I. Kirkland, Donald D. Deblieux, Martha Hayden and Grant Willis	77
43	Innovative strategies to develop interpretive media for paleontological sites at Curecanti National Recreation Area, Colorado.....Alison L. Koch and Philip J. Zichterman	81

44	Early Paleocene (Puercan and Torrejonian) archaic ungulates (Condylarthra, Procreodi and Acreodi) of the San Juan Basin, New Mexico.....Peter E. Kondrashov and Spencer G. Lucas	84
45	Appraisal of fossil resources and specimens.....Lucia Kuizon	98
46	Legislative and regulatory history of paleontological resources.....Lucia Kuizon	102
47	Fossil tracks at the Raymond Alf Museum of Paleontology and management of tracks on public lands.....Donald L. Lofgren, Jay A. Greening, Cooper F. Johnson, Sarah J. Lewis and Mark A. Torres	109
48	The application of photogrammetry, remote sensing and geographic information systems (GIS) to fossil resource management.....Neffra A. Matthews, Tommy A. Noble and Brent H. Breithaupt	119
49	The diversity and stratigraphic distribution of pre-dinosaurian communities from the Triassic Moenkopi Formation.....Debra L. Mickelson, Jacqueline E. Huntoon and Erik P. Kvale	132
50	Jurassic dinosaur tracksites from the American West.....Debra L. Mickelson, Katherine A. Mickelson, Michael Ryan King and Patrick Getty	138
51	The oldest known Early Triassic fossil vertebrate footprints in North America, from Zion National Park, Utah.....Debra L. Mickelson, Andrew R.C. Milner, Donald D. DeBlieux and Jenny L. McGuire	141
52	A BLM Paleontological Site Stewardship Program for Washington County, southwestern Utah: The beginning of a nationwide program?.....Andrew R. C. Milner, Dawna Ferris-Rowley and James I. Kirkland	145
53	Additional fossil vertebrate tracks in National Park Service areas.....Vincent L. Santucci, Adrian P. Hunt, Torrey Nyborg and Jason P. Kenworthy	152
54	Planning for the future: A program for preserving and interpreting paleontology and geology in Joshua Tree National Park.....Eric Scott, Kathleen Springer, J. Christopher Sagebiel and Craig R. Manker	159
55	The New Mexico Museum of Natural History and Science Geoscience Collection: An overview.....Justin A. Spielmann and Spencer G. Lucas	165
56	Ah-shi-sle-pah Wilderness Study Area (San Juan Basin, New Mexico): A paleontological (and historical) treasure and resource.....Robert M. Sullivan	169
57	The feeding mechanics of <i>Leptauchenia decora</i> based on specimens from the Whitneyan (Oligocene) of Badlands National Park, South Dakota.....William P. Wall and Kena Veal	175

Road Logs

- | | | |
|----|--|-----|
| 58 | Field guide to Upper Cretaceous stratigraphy and paleontology, Bisti and De-na-zin
Wilderness Areas, San Juan Basin, New Mexico.....Spencer G. Lucas,
Justin A. Spielmann, Adrian P. Hunt and Patricia M. Hester | 179 |
| 59 | Field guide to the Upper Jurassic Peterson Quarry, central New Mexico.....Spencer G.
Lucas, Justin A. Spielmann and Patricia M. Hester | 183 |
